## //Experience

**BMW Motorrad, Munich**

*Jan. 2020 to Feb. 2020*

*International Strategy Purchase and Supplier Network*

2-month internship at BMW Motorrad in the department of Strategy, Control, Projects and Production partners for BMW. The main tasks involved:

- Supplier and risk management in the purchase circle.
- Planning and monitoring of a contract creation with a cooperation partner.
- Support with the planning of commodity strategies for the supply purchase division.
- Decomposition degree control in vehicle components for in-house production in different countries.
- Liaison between vehicle projects and operational purchasing

**The Fragrance Republic, Barcelona**

*Oct. 2017 to Aug. 2019*

*Co-Founder and CEO*

The Fragrance Republic is a start-up created in 2017 whose goal is to revolutionize the way we buy perfumes. As a CEO, I was heavily involved in the execution and management of a business plan, but also market research and conducting the marketing and promotion of the products.

## //Education

**Development, Production and Management in Mechanical Engineering**

*Apr. 2020 to present*

*Master of Science, Technische Universität München*

**Electric Vehicles and other Propulsion Technologies**

*Feb. 2019 to Jul. 2019*

*Postgraduate qualification, Universitat Politècnica de Catalunya*

**Mechanical Engineering**

*Sep. 2013 to Jul. 2017*
